1. Unconfirmed reports state that the Tudeh offices are now recruiting Iranians for an international brigade in Greece. Their expenses and travel, via the U.S.S.R. to the Greek border, are presumably paid by the Russians. The reported number of men who have enlisted is quoted as high as 100.
2. Pamphlets written in Greek, attacking the Greek Central Government and American support of "fascists," have been distributed by the Information Section of the Yugoslav Foreign Office in Tehran.
3. The Greek Charge d'Affaires in Tehran is said to have protested concerning this matter to the Iranian Foreign Office.
